FROM REMODELLING TO BIOTHERAPIES

Symposium "Homage to Ketty Schwartz"

8:30-9:15

Introduction

*The institutional representatives: Inserm (TBD), CNRS (TBD),
Université Paris 6 (Jean-Charles Pomerol)*

Ketty's scientific brothers: Bernard Swynghedauw, Michel Komajda and Michel Fardeau (Paris, FR)

9:15-11:45

Cardiac phenotype and remodeling in cardiopathies

Chairs: Jutta Schapper (Bad Nauheim, Germany), Saul Winegrad (Philadelphia, PA)

9:15-10:00

Basis of contraction remodeling. *Jean-Jacques Mercadier (Paris, FR), Stefano Schiaffino (Padova, IT)*

10:00-10:45

Basis of relaxation remodeling. *Anne-Marie Lompré (Paris, FR), Evangelia G. Kranias (Cincinnati, OH)*

10:45-11:15

Coffee break

11:15-11:45

miRNAs in cardiac remodeling. *Stefan Engelhardt (Würzburg, DE)*

11:45-12:30

Ketty's involvement in associations

*Laurence Tiennot (AFM, Paris, FR), Dominique Donnet-Kamel (GRAM, Paris, FR),
Ioav Cabantchik (Aficardio: Franco-Israelian association, cardiovascular, Jerusalem, IL.),
Karen Avraham (Franco-Israelian association Human Genetics)*

12:30-13:30

Lunch

13:30-15:30

Genetics and pathophysiology of cardiac diseases

Chairs: Christine Seidman (Boston, MA), Andre Keren (Jerusalem, IS)

13:30-14:00

Queen of hearts and the evolution of molecular cardiology. *Kenneth R. Chien (Boston, MA)*

14:00-14:20

Hypertrophic cardiomyopathy: from mutations to the ubiquitin-proteasome system.
Lucie Carrier (Hamburg, DE)

14:20-14:40

Laminopathies: one gene – several diseases. *Gisèle Bonne (Paris, FR)*

14:40-15:00

From Long QT syndrome to the risk of arrhythmias. *Pascale Guicheney (Paris, FR)*

15:00-15:30

Perspectives in genomics. *Hugh Watkins (Oxford, UK)*

15:30-16:00

Coffee break

16:00-18:10

Therapies of cardiac and skeletal muscle diseases

Chairs: Margaret Buckingham (Paris, FR), Jean-Thomas Vilquin (Paris, FR)

16:00-16:30

Myocardial tissue engineering without tissue. *Jonathan Leor (Haifa, IL)*

16:30-17:00

Bioartificial heart from perfusion-decellularized matrix. *Doris A. Taylor (Minneapolis, MI)*

17:00-17:20

Cardiac tissue engineering. *Thomas Eschenhagen (Hamburg, DE)*

17:20-17:40

Exon-skipping and trans-splicing as gene-therapy for muscular dystrophies.
Luis Garcia (Paris, FR)

17:40-18:00

Perspectives in cardiac regeneration. *Phillippe Menasché (Paris, FR)*

18:00-18:30

Conclusions. *François Gros (Paris, FR)*

GENERAL INFORMATION

ORGANIZATION COMMITTEE:

Gisèle Bonne, Paris
g.bonne@institut-myologie.org

Lucie Carrier, Hamburg
l.carrier@uke.uni-hamburg.de

Dominique Donnet-Kamel, Paris
donnet@tolbiac.inserm.fr

Pascale Guicheney, Paris
p.guicheney@institut-myologie.org

Michel Komajda, Paris
michel.komajda@psl.aphp.fr

Anne-Marie Lompré, Paris
anne-marie.lompre@chups.jussieu.fr

Jean-Jacques Mercadier, Paris, jean-jacques.mercadier@inserm.fr

Jane-Lise Samuel, Paris
jane-lise.samuel@inserm.fr

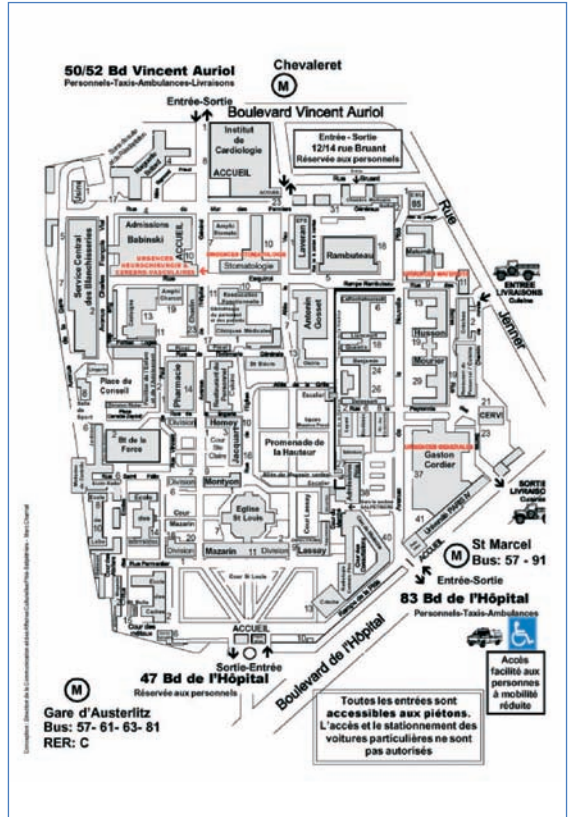

Bernard Swynghedauw, Paris
bernard.swynghedauw@inserm.fr

Jean-Thomas Vilquin, Paris
jt.vilquin@institut-myologie.org

GENERAL ORGANIZATION

MCO CONGRES
27, rue du Four à Chaux
F-13007 MARSEILLE

Tél. +33 (0)4 95 09 38 00
Fax +33 (0)4 95 09 38 01

Venue :
Groupe Hospitalier de la Pitié-Salpêtrière
47-83, boulevard de l'Hôpital
F-75013 Paris

Date : Saturday 29th November, 2008

Access :
"Pitié" Entrance
83, boulevard de l'Hôpital - (open 24/24 - 7/7)

- Subway : line 5, "Saint-Marcel" stop
- Bus : number 91 and 57, "Saint-Marcel" stop.

Hotels: Nearby Accommodation Opportunities

- Hôtel Libertel Austerlitz-Jardin des Plantes**
12 bd de l'Hôpital - 75005 Paris - T. : +33 (0)1 43 37 60 80
- Apart'Hôtel Citadines**
27, rue Esquirol - 75013 Paris - T. : +33 (0) 825 333 332
- Hôtel Maxim Quartier Latin**
28, rue Censier - 75005 Paris - T. : +33 (0) 1 43 31 16 15
- Hôtel Saint Christophe***
17, rue Lacépède - 75005 Paris - T. : +33 (0) 1 43 31 81 54
- Best Western Quartier Latin***
71, rue Monge - 75005 Paris - T. : +33 (0) 1 43 31 25 64
